

AI Shark Tank — Pitch Report

1/7/2026, 12:45:40 am

SipSwift

Problem: People often run out of drinks during house parties or celebrations. Nobody wants to leave the gathering, and asking someone who has consumed alcohol to drive to a liquor store is inconvenient and potentially unsafe.

Solution: SipSwift is an on-demand delivery platform that connects customers with nearby licensed liquor stores. We act as a delivery partner by purchasing from the customer's chosen licensed store and delivering the order to their doorstep while verifying age and complying with local regulations. We also deliver party essentials like ice, mixers, soft drinks, snacks, and disposable cups.

Revenue Model: Delivery fee (+50–+200 depending on distance and time)
from partner liquor stores Premium membership for free deliveries Featured listings and promotional partnerships

Target Audience: Adults (21+/legal drinking age) who host house parties, birthdays, celebrations, and social gatherings in metro and tier-1 cities where alcohol delivery regulations permit operations.

Funding Ask: ₹75 Lakhs for 10% Equity

Scorecard

Market Potential: 58 / 100

Innovation: 60 / 100

Business Model: 55 / 100

Execution: 52 / 100

Investment Worthiness: 54 / 100

Verdict: COME BACK LATER

Judge Verdicts

Vikram Mehta (Venture Capitalist): Need clearer market sizing.

Ananya Rao (Founder): Execution plan needs more detail.

Rohan Bhatt (Customer): Value proposition unclear to me as a user.

Meera Kapoor (Angel Investor): Numbers don't add up yet.
